

Scripture Reading Schedule

[Gentle Eagle Gathering of YahuShua](#)

Shalom. I hope that this schedule will be a blessing to you and to our community as we share our comments together. You see that there are 48 weeks divided into 12 months. On your personal calendar, find the new moon phase on 1 Nissan and mark the Sabbath that falls on or that follows it as Week 01-1. Find the full moon of the month and mark the Sabbath that falls on or that follows it as Week 01-3. Then, you can mark the Sabbath in between as Week 01-2 and the last Sabbath of Nissan as Week 01-4. Do this for all of the months, paying attention to the lunar phases. There will be 4 extra Sabbaths that will not be marked and when there are 13 lunar months, Adar II will not be marked. You can use these Sabbaths to catch up if you need to.

Now, you can read the Scriptures through in a year following this schedule or you can spread the reading out over a four year period by reading from one section each week. You may already be following another schedule and that is great, but you can still check out these weekly discussions for interesting comments. The main goal is to read in the Scriptures on a regular basis, and encourage others with the truths that you learn.

When you find a verse of Scripture that you would like to comment on, open up the document that includes the chapter where the verse is found by clicking on the week name and then click on the link provided and the document should open. Submit your thoughts for others to read and if there are any problems, please, let me know so that they can be fixed. You can share the documents by copying the link of the document and pasting it on your personal social media or by using the share feature in this program.
